

PMI is a critical thinking tool to encourage examination of ideas, concepts and experiences to help evaluate a process after the fact. Facilitators are strongly encouraged to complete this at the end of the day to identify strengths and weaknesses for their own self-improvement.

PLUS	MINUS	IMPROVEMENT
What went well?	What didn't go well? <i>Eg. What felt awkward? Unexpected problems?</i>	What items from the first 2 columns could be improved and how?
